

ACS (INTERNATIONAL) NEWSLETTER

Dear Parents, Students and Friends

Welcome back to school for Term 2. Many thanks to the parents who attended the recent Parent Teacher Meeting, which we trust was both useful and effective for all who participated, and that specific feedback on student progress and how to improve their grades was helpful. We were very pleased with the high turnout and the overall interaction between parents, students and teachers.

Thanks also to the whole school community who supported the Open House on Saturday 24 March – staff, students, parents and PSP. The turnout was the highest number we have had which was most encouraging. It reflects a trend of continual improvement and of community reputation.

Last week in Chapel we held our annual Religious Emphasis Week (REW) programme as part of the lead up to Easter. At REW and at Easter we are reminded of the supreme sacrifice that Jesus made on the cross and of his resurrection three days later. The death and resurrection of Jesus, which Easter celebrates, is a foundation of the Christian faith. Jesus' personal sacrifice has given Christians "a new birth into a living hope through the resurrection of Jesus Christ from the dead" 1 Peter 1:3. In other words, the resurrection of Christ is the cause and source of our new birth into God's family and the hope we have of our full inheritance as family members when Jesus comes again.

This weekend we host the annual student-led Thinkers' Day and on Monday after school the annual Higher Education Fair is held in the Sports Hall. Over 50 presenters representing universities from Singapore and around the world will be present. Attendance by students in Years 5 and 6 is compulsory, and Year 4 students are strongly recommended to attend. Parents are also welcome.

With best wishes for the term ahead.

Rob Burrough
Principal

STAFF NEWS

Heartsaver First Aid, CPR and AED

First aid training is part of ACS (International)'s efforts to ensure safety and security of our students and staff in school and in activities outside school, including excursions, camps, educational trips and service-learning journeys. Five members of our staff have been added to our list of first-aid trained staff this year. The teachers are Ms. Gaye Hazel Kirby (House Mistress of GHK and organizer of US Trip 2018), Mr. Tse Ren Lim (House Master of LSG and Trip Leader for Japan CAS 2018), Ms. Emma Murray (Zimbabwe CAS 2018 supervisor), Ms. Chantal Roux (Vietnam CAS 2018 supervisor) and Mr. Antonio Inigo (UK CAS 2018 supervisor). They received their Heartsaver First Aid, CPR, and AED Course certificate from the American Heart Association for successfully completing the cognitive skills and evaluations in accordance with the curriculum of the American Heart Association Heartsaver Program. We now have at least 2 staff members in each school building and at least one in each CAS trip and other trips organised this year who are certified first-aiders.

The training was held on 10 March 2018 and was facilitated by Mr. Adrian Tan from International SOS. It included the duties, roles and responsibilities of the first aid rescuer and the steps of first aid on cases such as choking, severe allergic reaction, stroke, heart attack, seizures, shock, external bleeding, adult and infant cardio-pulmonary resuscitation (CPR) and automated external defibrillator (AED).

The next training for a new batch of teachers will be held in Semester 2.

NOTICES

Launch of Callido for Year 5

At ACS (International), we are constantly innovating and investing in our students' development. One such initiative is our partnership with Callido Learning, a leading provider of online learning resources for IB schools.

All students in Year 5 have now begun their Callido program, and are in the process of completing online modules to develop their research and writing skills. Beginning this course alongside the launch of the Extended Essay, Year 5 students will develop the independent and critical research skills necessary for them to excel in this area.

In the IB Diploma, students' performance on their examinations and internal assessments depends on their ability to demonstrate critical thinking, research and academic writing skills across different subjects.

The Callido program helps:

- (1) Assess each student's individual ability on these skills;
- (2) Teach students techniques which they can apply to all their subjects;
- (3) Give students the freedom to learn anytime and at their own speed; and
- (4) Monitor and measure their improvement.

Students can also qualify for a certificate from an Ivy League faculty, which will help them in university admissions.

All students will continue to have access to the platform for a period of 12 months, enabling them to refer back when required for assignments and examinations. Students will be required to complete certain sections of the module within set time-lines, set in accordance with their Extended Essay deadlines. The deadlines for the initial modules are detailed below. These modules must be completed before students submit their EE research proposals.

Course Name	Due Date 2018
Introduction to the Extended Essay	4 April
What does the EE assess?	4 April
Choose a subject	8 April
Narrow down to a topic	22 April
Check your subject specific criteria, example topics and research questions	6 May
Learn to frame Research Questions	6 May
Draft your Research Question	6 May
Subject specific command terms	6 May

Individual student reports will be issued and our teachers will be able to incorporate this data to deliver tailored instruction to students.

We strongly believe that having access to these resources will benefit students in their assignments, exams and ultimately, at university.

Information provided by Callido Learning

Long Weekend Holiday

A reminder that the Labour Day public holiday is 1 May and that the school will be closed on Monday 30 April.

However, students taking the IBDP external examinations in Vietnamese and Thai are still required to attend their examinations on both 30 April and 1 May.

House T-shirts

From 29 March onwards, House T-shirts can be purchased from our school's Popular Book Store at \$15 each for all sizes.

PSP NEWS

Parents' Bonding Activity

Mediacorp Experience

Date: 21 April 2018 (Saturday)

Time: 9am - 2pm

Location: Mediacorp Campus
1 Stars Avenue, Singapore 138507

Itinerary:

- 9 am - Meeting point and breakfast at Style x Style Vibes Cafe at Mediacorp
- 9:45 am - Tour briefing and tour
- 12 noon - Lunch (vegetarian options available)

Cost: SGD15 per person

RSVP by 13 April 2018 to acspsp.net@gmail.com. Please include contact number and which year your child/ward is in.

STUDENT SUCCESSES

National Schools Artistic Swimming Championships

Soong Jae Shien won silver in the Senior Open Category at the 9th SSA National Schools Artistic Swimming Championships at Toa Payoh Swimming pool. Another achievement added to ACS (International)'s National successes in sports.

SIMUN 2018

From March 13-15, 24 students from the Envoy Club participated in the 14th annual Singapore International Model United Nations (SIMUN) conference held at Lycée Français de Singapour. We were accompanied by our teachers Mrs Garcia, Mrs Hollis and Ms Esnault. SIMUN 2018 saw delegates from all over the region, including French international schools from Kuala Lumpur, Hong Kong and China.

The conference, held over three days, served as a wonderful learning experience for many of our new delegates. From preparing opening speeches, learning how to construct resolutions and formulating debates, our delegates were able to hone and develop their skills. In addition, committee sessions provided delegates with ample opportunities to showcase their public speaking and debate skills, all while exercising diplomacy.

Model UN conferences are great ways for delegates to gain more confidence and learn how to negotiate in a diplomatic way while getting engaged in global issues and this conference was no exception. Delegates were tasked with collaborating to construct the most well-rounded and inclusive resolutions they could on pertinent issues including facing the threat of climate change, managing the refugee crisis and preventing youth radicalization by terrorist organisations.

Committee sessions throughout the three days were intense and allowed us to be fully immersed in the process of Model UN conferences, from lobbying, writing speeches and even passing notes, this conference was a lovely learning experience for all the students who participated.

World Vision Presentation

During our Morning Assembly on 4 April, we invited a special guest from World Vision to share with our school about the service work that they do around the region.

A regular partner of our school, our ACS Interact Club as well as our Student Ambassadors have worked with World Vision on several community projects, such as raising funds in support of an emergency health and nutrition programme in Vietnam, and Project Hunger Free, where our students joined in the fight against poverty and even ran in support of the cause!

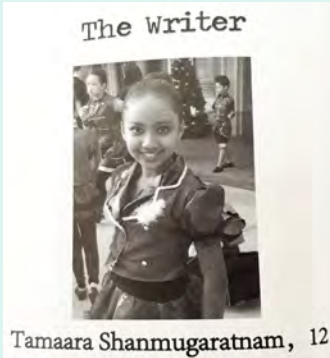

We felt that the sharing session was very beneficial for all Y5 students going on their CAS trips in June and September, as they got to hear first-hand from Mr Soh Weijie and his personal experience working with refugees and communities which have been displaced by conflict, natural disasters and poverty.

A very inspiring presentation indeed for all our students!

The Interact Club EXCO Student Committee

English Poetry Book Sharing

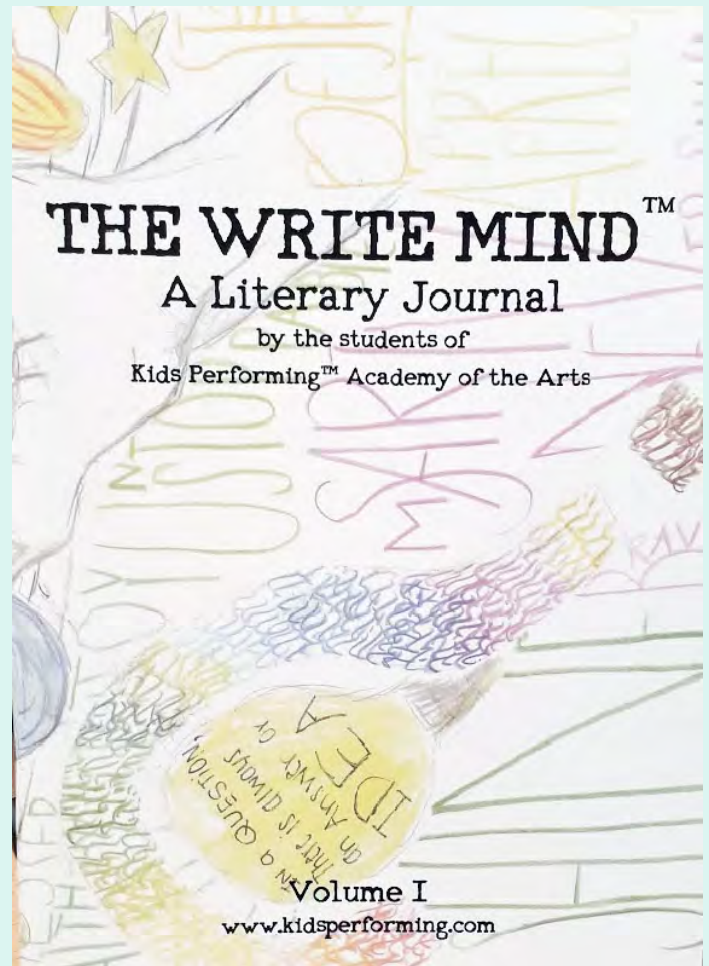

My interest in creative writing started at the age of eleven. I started taking writing classes at Kids Performing Academy of the Arts. After a few lessons, my teacher thought I had great potential, so she published a book of poems written by my friends and I!

When I had the opportunity to share my book, "The Write Mind" during English lesson with my classmates in 1-ELL-X, I was nervous but excited! I shared my favorite poems which I have written and my peers listened eagerly as we have all just learnt some new poetry genres in class. I was most excited to share the fact that I designed the front cover of my book!

To thank my classmates for listening, I gave a copy of my book to each of them – much to their delight!

I hope to continue pursuing my interest in creative writing and publish more literary works in future.

Tamaara Shanmugaratnam, 1-ELL-X

DOUGHNUT by Tamaara Shanmugaratnam

A circular round -
shaped with a hole in the
middle, you can have it with
toppings, icing or just have it
simple luscious icing dripping down
a doughnut eating it just
makes me go nuts, "sizzle"
doughnuts are fried - I died thinking
of all the calories inside; but think
how useful the doughnut is with
holes you can carry them all
day on a pole

Switzerland Ski Trip 2018

On Friday 9 March 50 students and 5 staff made their way to the slopes of Verbier for a week in the Swiss Alps. Everyone was very excited to see the snow and the first day was spent building snowmen, having snowball fights and getting fitted with all the kit ready to ski. With 6 hours of skiing / snowboarding a day and apre ski activities there was never a dull moment. Students really enjoyed tasting a variety of Swiss food including; cheese fondue, raclette and Swiss rosti. Evening activities included; ice skating, swimming, a torchlit walk and lively competitions. All the instructors and supervisors were greatly appreciated by the students and made the week very enjoyable! Even the beginners were able to ski down sections of red runs by the end of the week. To conclude a fabulous week we all finished with an afternoon of shopping in the beautiful capital Bern. We hope to see as many students on the trip in 2019.

INTERNATIONAL STUDENTS NEWS

March Holiday Trip to Science Centre

On 15 March, a group of international students had a field trip to the Jurong East Science Centre.

We spent the morning exploring different corners of the centre that taught us interesting things about brain study, space world, phobia, natural disaster, aging, and animals. We also had the chance to explore a mirror maze, and everyone had a great fun trying to find the way out altogether. Our favourite was 'Typhoon Simulator' in which we could experience the highest wind speed of a typhoon. After exploring the Science Centre, we went to Sizeriya for lunch and everyone savoured the taste of it.

After all, this outing was the best part of our March holidays and we all enjoyed it very much. On behalf of students who went to the Science Centre, we would like to thank Ms. Stacey Low for supervising us. We hope to see more students joining our activities in future!

Birthday Celebrations at Hostels

Parents School Partners (PSP) care for our international students!

This year, the PSP has graciously sponsored birthday cakes for our international students who are staying in both Oldham Hall and ACS (Independent) boarding schools.

Every month, birthday babies get to have a mini celebration of birthdays at their respective hostels.

Area 51

BACKGROUND

"Singapore has been plagued by a deadly virus which mutates many into zombies. All uninfected, please make your way to Singapore Discovery Center, the last safe place in Singapore. You will get trained to fight against the zombies"

WHAT WE DID

At 1pm on 24 March, about 40 international students gathered in school to attend an event called AREA 51 which was organized by Singapore Discovery Centre. The international students committee led the team. We left school at 2pm and played some ice breaking games during the bus ride to get to know one another. It was interesting and we had a lot of fun and laughter along the way. When we arrived at the Singapore Discovery Center, we were all given a small passport which included the tickets for Area 51. There were four tickets that we could use during the entry of a game. We separated into groups of 5, and each group had one or more members in the international student committee to guide the students.

Most of us managed to play at least one game in the Area 51. Unfortunately, the queue for laser tag game was so long that we did not have enough time to play. The movies in the center were also full of people. This showed the event was very popular that lots of teenagers came. We ended the event by taking a group photograph. Everyone managed to go back to home early.

All in all, the event was quite successful as most members in the international students committee helped one another. Also, we managed to arrive and leave on time. However, this event was not so entertaining because of the long queue. We did not manage to get enough information on the Area 51 so we need to choose a better event next time and to avoid the mistakes we made this time.

Higher Education/University @ ACS (International)

Important University Application Events

Parents/Guardians/Students, please take note of the events taking place below where the attendance of Year 6 students is compulsory:

1. Higher Education Fair 2018

Monday, 9 April (3.00 pm – 5.00 pm)

(Parents of Year 4 to Year 6 students are invited to attend)

2. Personal Statement writing workshop

21 – 24 May (3.15 pm – 5.00 pm)

(Compulsory attendance for all Year 6 students – 2 Houses per week)

3. University Application Talk

Saturday, 14 July (8.15 am – 2.00 pm)

For more information, please email Mrs Rita Kaur at rita.kaur@acsinternational.edu.sg
