Sports CCAs 2021

Competitive and Recreational Sports CCAs Explained

Competitive Sports CCAs at ACS (International) follow the relevant Athletic Conference of Singapore International Schools (ACSIS) and MOE National School Games (NSG) seasons of play. After indicating interest at the CCA Sign Ups via SchoolsBuddy students wanting to represent the school team would usually attend a pre-season trial. However, as there are currently no official ACSIS or MOE competitions we shall not conduct trials for Sports CCAs in 2021 until further notice. Wherever possible the school will aim to provide competitive sport for all, however, it may be necessary to select a maximum squad size due to space, safety and practical constraints. Once selected for a team, a student's attendance is compulsory for the duration of the season. The majority of our competitive sports teams are coached by either a PE teacher, an external coach or in some instances a suitably qualified and experienced member of staff. Staff assisting competitive sports will be expected to liaise with CCA members, take attendance and attend all training sessions and fixtures.

The table below shows the ACSIS Calendar and the how the ACS (Int) Competitive Sports CCAs fit in

Recreational Sports CCAs at ACS (International) will be scheduled in between, or in addition to, the competitive sports seasons of play. They are created to facilitate mass participation for all regardless of ability, experience or confidence. These CCAs are non-selective are open to all students that want to try a sport for the first time or have fun playing in non-competitive environment. CCA captains, senior students and competitive players are invited to lead and coach Recreational CCAs which is an excellent way to achieve CAS experience or develop leadership potential.

MOE National School Games + Other Competitions

Students from ACS (Int) are also able to participate in the MOE National School Games competitions. Usually students that enter these competitions already train for their sports privately outside of school, often as an External CCA. For example sports such as Wushu, Golf and Ten Bowling are not offered as CCAs within school but ACS (Int) is able to enter our students who train for these sports as an External CCA to represent the school in these competitions. For 2021 we are awaiting confirmation of which NSG events will go ahead. The schedule for NSG sports is therefore still subject to change.

For Track & Field, students may be entered to the NSG if they have achieved the qualifying times at either the Inter House Sports Day or external track meets.

Occasionally the school will enter our more able sports teams into the NSG. In previous years we have entered teams in Basketball, Netball, Football, Tennis and Volleyball. These teams will be considered on a case by case basis by the Head of PE and Sports CCAs.
