

IBDP EXAMINATION 2022 RESULTS

ACS (International) is pleased to announce that its students have achieved a pass rate of 100% and an average score of 38.04 for the IBDP. This average is likely to be revised upwards after the appeal process is completed. 93.6% of students scored above the world average of 30.91, and 44.77% of students achieved a score of 40 or more. The school has 3 students who received 45 points for their IBDP.

As usual, a significant number of our students passed the IB Diploma, with English as their second language. This is particularly impressive as students firstly have to learn the English language, think in English, then write in the English academic style. Research usually suggests that it takes 7 years to become fully proficient in a second language, and most of these students achieved this in 3 to 6 years.

The top performing subjects, defined by over 50% of students achieving a grade 7, are as follows:

- Japanese A - Standard Level
- Chinese B - Higher Level
- Business Management - Higher Level
- Chemistry - Higher Level
- Physics - Standard Level
- Theatre - Higher Level

ACS (International) extends its congratulations to the students for all that they have achieved.

The school offers its thanks and appreciation to all the staff for the hard work they have put into these students during their time with the school.
