

IBDP EXAMINATION 2023 RESULTS

ACS (International) is pleased to announce that its students have achieved a pass rate of 96.55% and an average score of 35.41 for the IBDP. This average is likely to be revised upwards after the appeal process is completed. 90.8% of students scored above the world average of 30.24 (May figure), and 19.5% of students achieved a score of 40 or more.

The school offers its congratulations to the following students for their perfect scores:

- Conrad Trey Indradjaja – Indonesia
- Eunwoo Jung – South Korea
- Dayoun Moon – South Korea

As usual, a significant number of our students passed the IB Diploma, with English as their second language. This is particularly impressive as students firstly have to learn the English language, think in English, then write in the English academic style. Research usually suggests that it takes 7 years to become fully proficient in a second language, and most of these students achieved this in 3 to 6 years.

The top performing subjects, defined by over 50% of students achieving a grade 7, are as follows:

- Chinese B - Higher Level
- Chinese B - Standard Level
- Business Management - Higher Level
- Mandarin Ab Initio – Standard Level
- Theatre - Higher Level

ACS (International) extends its congratulations to the students for all that they have achieved.

The school offers its thanks and appreciation to all the staff for the hard work they have put into these students during their time with the school.

Gavin Kinch
Principal
