Sports CCAs 2026

Competitive and Recreational Sports CCAs Explained

Competitive Sports CCAs follow the relevant seasons of play set by the Athletic Conference of Singapore International Schools (ACSIS) and the MOE National School Games. After indicating their interest at the CCA Fair or during CCA sign-ups, students who wish to represent the school team must attend a pre-season trial. Whenever possible, the school aims to provide competitive opportunities for all who attend trials; however, it may be necessary to limit squad sizes due to space, safety, and practical constraints. Once selected for a team, attendance is compulsory for the duration of the season. Most of our competitive sports teams are coached by a PE staff, an external coach, or, in some cases, a suitably qualified and experienced staff member. Staff assisting with competitive sports are expected to liaise with CCA members, take attendance, and attend all training sessions and fixtures.

Recreational Sports CCAs are scheduled between competitive sports seasons to facilitate mass participation for all. These CCAs are non-selective and open to any student who wants to try a sport for the first time or have fun playing in a non-competitive environment. CCA captains, senior students, and competitive players are invited to lead and coach Recreational CCAs, which is an excellent way to gain CAS experience or develop leadership skills.

MOE National School Games + Other Competitions Students from ACS (Int) are also able to participate in the MOE National School Games competitions. Usually students that enter these competitions already train for their sports privately outside of school as an External CCA. For example, sports such as Judo, Golf and Bowling are not offered as CCAs within school but ACS (Int) is able to enter our students who train for these sports as an External CCA to represent the school in these competitions. For Track & Field, students may be entered to the NSG if they have achieved the qualifying times at either the Inter House Sports Day or external track meets. Occasionally the school will enter our competitive sports teams into the NSG. In previous years we have entered teams in Basketball, Netball, Football, Tennis and Volleyball. These teams will be considered on a case by case basis by the Head of CCAs.
