

CIS Accreditation and IB Review

The school recently underwent its five year re-accreditation visits from the International Baccalaureate (IB) and the Council of International Schools (CIS).

International Baccalaureate

The school has been re-authorized to offer the IB Diploma Programme, with no “Matters to be addressed”. Our average rating was “Shows development beyond requirements”, the highest rating that the IB awards for each component in this process.

Council of International Schools

ACS (International) has been awarded re-accreditation status with no “Supplementary reporting requirements”. The school met every Standard across all Domains and the school was rated as “Exceeded” for 6 Standards, the most the school has achieved.

These outcomes came about through the dedication, professionalism and sustained hard work of all staff. We seek to carry this responsibility with humility, recognising our stewardship of the gifts and opportunities entrusted to us, and striving to serve faithfully in all that we do.
