Videeing of Students

Dear Parents and Guardians,

I am writing to inform you of a situation that occurred yesterday morning and again today at Gate A on Jalan Hitam Manis.

An adult male has been positioned outside the main school gate filming students as they arrive and exit vehicles. This footage appears to include identifiable details such as vehicle registration numbers and occupants. A photograph of the individual is included below for your awareness.

I have spoken directly with the individual. He claims to be a private investigator and stated that he is conducting an investigation and is entitled to film from a public space. I have made it clear that this behaviour is not appropriate given the presence of our students and requested that he cease filming. He has indicated that he intends to continue.

The matter has been reported to the police, and we are awaiting their response.

In the meantime, please note that students may also enter the school via Gate C, located at the rear of the campus through Holland Close.

We will have additional staff present at Gate A during morning arrival to monitor the situation. If any student is approached by this individual, they should report this immediately to a member of staff.

Thank you for your support and understanding as we manage this matter.

Yours sincerely,
